PROFESSIONAL EXPERIENCE

Zhiyuan Enterprise Group Inc., 32nd st.

Corner 9th ave, Makati City

February 2026 - May 2026

Backend Developer

- Developed and optimized core backend services for a Distributor Management System using JavaScript, Node.js, and PostgreSQL.
- Designed and deployed production RESTful API routes to enable real-time tracking of distributor profiles, financial transactions, sales metrics, and inventory data.
- Maintained strict GitHub version control practices, ensuring 100% commit traceability, clean branch merges, and synchronized deployments across environments.
- Collaborated within an agile team to diagnose bugs, refine database schema design, and improve API query performance.

TECHNICAL SKILLS

- Languages & Web: JavaScript (Node.js), SQL, HTML/CSS, Java
- Databases & Tools: PostgreSQL, RESTful APIs, Git, GitHub, Postman, IDEs (IntelliJ, VS Code)
- Methodologies: Agile Workflows, SDLC, Debugging, Code Documentation

PROJECTS

Homeowners Association Management System for Camella Bucandala V | *Full-Stack Developer*

- Developed a full-stack community management platform using React, Tailwind CSS, Node.js/Express, and MySQL, hosted on Vercel and Render.
- Designed and built core functional modules for digital amenity scheduling, real-time community announcements, complaint tracking, and dues management.
- Engineered a guest access feature using **QR code generation** and scanning for security personnel to streamline gate verification.

EmergenSeek – Emergency Station Recommendation App | *Full-Stack Developer*

- Designed and developed a cross-platform mobile application providing real-time location tracking and routing to emergency response stations in Taguig City.
- Implemented categorized station filtering (hospitals, police, fire, barangay centers) and verified direct-dialing functionality.
- Built offline data caching to ensure user access to critical contact numbers and facility details during network outages.
- Integrated map and location APIs to calculate real-time spatial data and display optimized emergency routes.

EDUCATION

STI College Global City

2022 - 2026

MCA Montessori School

2020 – 2022
